

# DiBiCoo

## - Digital global Biogas Cooperation

---

Webinar Series  
Dr. Johannes Anhorn - GIZ

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement N°857804. The sole responsibility for the content of this document lies with the authors. It does not necessarily reflect the opinion of the EU.

**Digital global  
Biogas  
Cooperation**

# Project Objective and Overall Outcomes

1  
Development and application of innovative digital and non-digital support actions

2  
Knowledge transfer and capacity building

3  
Identification and support of "Demo and Follower Cases"

## Overall Outcomes

- ❖ Create business collaboration and increase the deployment of European biogas technologies to Latin America, Africa and Southeast Asia
- ❖ Increase the share of renewable energies
- ❖ Contribute to the UN Development SDG Goal 7
- ❖ "Affordable and Clean Energy"
- ❖ Share knowledge, foster common learning and experience sharing between Ethiopia, Ghana, South Africa, Indonesia, Argentina and Europe
- ❖ Help mitigate GHG emissions

# 5 Components to Achieve its Goals

1

## Information

Share information on European **technologies** as well as on **framework conditions, market opportunities, research needs, financing opportunities** and **project ideas** in importing countries.

2

## Cooperation

Facilitate cooperation among **relevant stakeholders**.

3

## Digital Platform

Develop innovative tools for **capacity building, virtual matchmaking, networking and dissemination of information** to build trust and reduce transaction costs for stakeholders.

4

## Demo Cases

Support the development of at least **five biogas projects** in target countries as "demo cases" up to the investment stage.

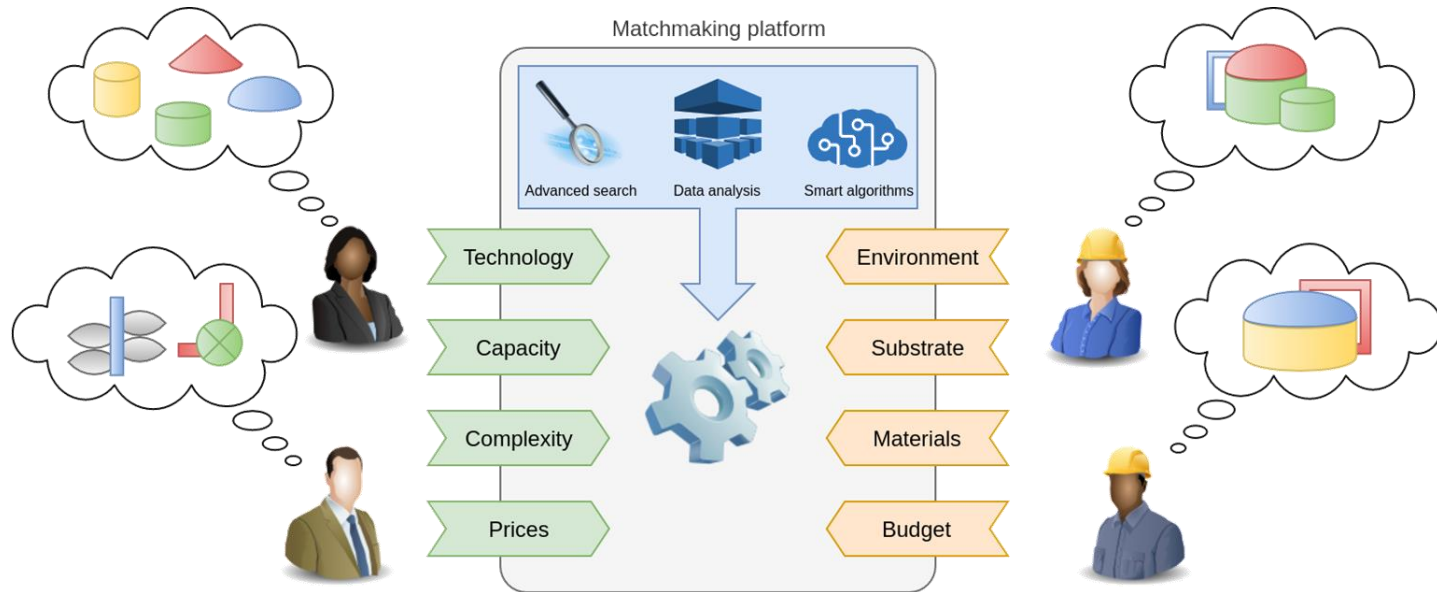

5

## Policy

Promote and **improve national, regional and local policies**, supporting further market uptake in the target countries and disseminating best practices.

# Online Information and virtual Matchmaking-Tool

# Online Information and virtual Matchmaking-Tool

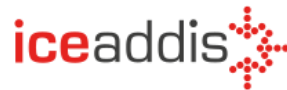

- Information hub on available technologies
- Database of EU and non-EU companies
- Semi-automated **guidance** solution
- B2B Matchmaking Tool
- Convenient **networking** between actors of exporting and importing markets
- **Advisory** and networking services

Register now!

# Consortium

# How can you take part?

---

- **Register as stakeholder on the DiBiCoo Matchmaking Platform**
  - **get information and advisory** on European technologies as well as on market conditions in the target countries
  - **advertise your biogas project opportunity** on the platform or find project opportunities to create new business collaborations
  - **get to know relevant business partners** and stakeholders from across the world
  - stay tuned to **apply for future training courses, business design trainings, webinars** and many more
- **Participate in our Web Seminar Series**
